

GROCERY CARD/ANNUAL GIVING CHOICE FORM

Please select your preferred option below for fulfilling this requirement and return to the school office by July 15. The expected contribution does not replace the fundraising we do through our Fall Kickball Tournament and Spring Carnival. We aim to simplify the process for all families, while continuing to raise funds for our Financial Aid program and other budgetary priorities.

CHOOSE ONE:

- I will use Montview's Grocery Card program to purchase at least \$275 per month (September to May*) on grocery cards purchased at the school office. I understand that Montview will tally my grocery card purchases/reloads and will perform a reconciliation in December and April - and will invoice me for any shortfall.

*Get a head start by making purchases in June-August before school begins!

Reloadable cards: King Soopers, Safeway (grocery, pharmacy, and gas purchases all qualify)
Single-use gift cards: Whole Foods, Natural Grocers, Sprouts, Starbucks (these *cannot* be reloaded in the store for school credit).

OR

- I will send a check for \$125 no later than September 30, made payable to *Montview Community Preschool and Kindergarten*. The school office will issue a receipt letter. Montview welcomes and encourages families who can give more to do so!

OR

- DEFAULT OPTION:** Please invoice me through Smart Tuition for \$15.63/month, September through April. This option is akin to adding fundraising to your monthly tuition bill. The office will issue a tax receipt at the end of the school year for the total received. **If you do not select another option above by July 15, you will be billed monthly under this default option.**

Your Annual Giving contribution may be tax deductible. Please consult your tax advisor.
